RENOVET

A natural herbal concentrate acting on the organs and tissues of the Water element in the Five Element Regeneration® concept. It harmonises the activity of the kidneys, urinary tract, genital organs, lymphatic system and bone tissue. Overall, it cleanses the animal's body by the removal of accumulated metabolites. It maintains optimal water environment, pH and electrolyte levels in the body. It stimulates the activity of the liver, gallbladder and connective tissue (Wood element). It reduces the hyperactivity of the lungs, colon and skin (Metal element).

USE

(The most suitable auxiliary product for better effect is indicated in brackets)

- » Purification of the internal environment from accumulated metabolites, detoxification (**Cytovet**).
- » Swelling (post-traumatic, stagnant, inflammatory) (**Imunovet, Cytovet**).
- » Arthritis and degenerative diseases of the musculoskeletal system (**Skelevet, Cytovet**).
- » Support of bone mineral supply, ossification (**Skelevet**).
- » Fracture healing (**Imunovet, Skelevet**).
- » Strengthening of loose ligaments (**Skelevet**).
- » Support of liver and gallbladder function.
- » Dissolution of urinary and gallbladder stones, biliary sludge (**Fytovet**).
- » Impact on the uric acid metabolism (gout, urate stones,

- hyperuricaemia in reptiles).
- » Diarrhoea (watery, mucoid) (**Probiovet, Cytovet, Imunovet**).
 - » Hot inflammations of the skin (hot spot, acute rashes, hives, seborrhea) (**Imunovet, Audivet**).
 - » Inflammation of the external ear canal (**Audivet, Cytovet, Imunovet**).
 - » Tonsillitis (**Omegavet, Imunovet**).
 - » Bronchitis and pneumonia (**Imunovet, Virovet**).
 - » Allergic conditions (alternate with Regavet).
 - » Harmonisation of the kidneys, urinary tract and genital organs (use with caution in serious conditions).
 - » Resolution of the emotion of sadness (**Etovet**).
 - » Prevention of fear (**Etovet**).

INGREDIENTS

herbal extract 82.6% (Verbena officinalis, Calluna vulgaris, Solidago virgaurea, Artemisia

dracunculus, Erigeron canadensis, Ribes nigrum, Arctium lappa, Bidens tripartita, Polygonum aviculare, Sambucus nigra, Tropaeolum majus, Epilobium parviflorum, Filipendula ulmaria, Geranium robertianum, Ononis spinosa), sorbitol – thickener, cellulose – thickener, water, xanthan – thickener, potassium sorbate – preservative, mixture of essential oils 0.12%, grapefruit extract <0.0001%.

The product contains a homeopathic polycomponent that enhances its effect through synergistic action.

RECOMMENDED DOSAGE

Small animals up to 10 kg:

2 drops twice daily;

Animals from 10 kg up to 100 kg:

1 drop for every 10 kg of weight twice daily;

Animals over 100 kg:

5 drops (0.3 mL) for every 100 kg of weight twice daily.

After three weeks of use, take a one-week break.

RECOMMENDATIONS

For precise targeting of the regeneration, we recommend seeking professional advice from our consultants or the online veterinary advice at www.vet.energy. Use within three months of opening.

WARNING

Do not use in severe renal impairment and in animals dehydrated, seriously ill and exhausted. Do not administer concomitantly with Renovet or Kingvet (it is necessary to take a break of at least one week between products). Not suitable for pregnant females.

VOLUME

30 ml

Recommendation from a veterinarian

I use **Renovet** for arthritic joints (together with Skelevet), for water metabolism problems – profuse watery diarrhoea, cold swelling and for diseases that are accompanied by tissue swelling. I also use Renovet for the treatment of allergic conditions (alternating with Regavet after 4 weeks).
