

Cybele

- » normal/mature/sagging skin
- » rejuvenating effect
- » skin tightening and firming (lifting)
- » stimulation of collagen production
- » nourishment and renewal of skin cells
- » lightening of pigment spots

Cybele combines the power of traditional phytotherapy, modern biotechnology, and aromatherapy to provide rich nourishment and perfect care for mature skin with loss of elasticity, tendency to form wrinkles, and pigment spots. It helps the overall renewal of dermal cells, stimulates the production of native (your own) collagen, and thus noticeably improves the elasticity, firmness, hydration, vitality, and youthful appearance of the skin. Thanks to the high content of a synergistic complex of herbs and active ingredients, it has anti-inflammatory and antioxidant effects. According to traditional Chinese medicine, its components and action make it an Earth element. It can be used as both a day and night cream.

ACTION AND EFFECTS

- » regeneration of dermal cells in the deeper layers of the skin
- » restoration of skin elasticity and firmness (stimulation of the skin's own collagen)
- » lightening of pigmentation and elimination of excessive pigment spots
- » protection against TEWL (transepidermal water loss) through a high content of nourishing oils and shea butter
- » deep hydration (thanks to the low molecular weight of hyaluronic acid)
- » antioxidant action (against free radicals and skin ageing)

BENEFITS OF CYBELE CREAM

The extraordinarily comprehensive action of Cybele Cream is based on traditionally proven, skin-beneficial herbs and other ingredients, combined with modern patented bioactive ingredients. These effects are enhanced by aromatherapeutic perfuming with benzoin essential oil, which is very beneficial for wrinkle-prone skin. In addition, these herbal extracts promote the release of accumulated stress and tension.

ACTIVE INGREDIENTS

HERBAL EXTRACT

A synergistic herbal extract with anti-inflammatory, antibacterial, nourishing, firming, and soothing effects. Smoothes minor scars and lightens pigment spots.

ALGAKTIV® COLLAGEN

(extract of *Haematococcus pluvialis*/asthaxanthin and a complex of stimulating amino acids)

» patented natural ingredient

Contains spermidine, a bioactive substance naturally found in human cells that acts as a so-called growth factor in the skin. It stimulates the synthesis of the skin's own collagen, restoring elasticity and a youthful appearance. It helps to maintain hydration in the skin. In terms of action, it is a so-called "botox-like" ingredient, but thanks to its natural components it is completely free of adverse effects, naturally filling wrinkles and tightening the skin.

HYALURONIC ACID

It occurs naturally in the human body, but unfortunately its content decreases with age. It provides and maintains deep hydration of the skin, which accelerates and enhances regenerative processes. It softens wrinkles and reduces mild inflammatory symptoms, helping to smooth uneven skin texture.

DRAGON'S BLOOD

The natural resin of the *Croton lechleri* tree has strong antiviral, antibacterial, anti-fungal and toning effects, generally protecting the skin and increasing its elasticity.

SUCCINIC ACID

It is a natural part of the skin (Krebs cycle), where it activates cell metabolism. This speeds up the skin's regeneration processes and makes it more resistant to external factors, thus reducing the formation of wrinkles.

POTASSIUM HUMATE

Humic substances are produced in the process of the decomposition of organic residues in the soil. They are part of peat. These are extremely bioactive substances with a high sorption capacity. They remove toxins from the skin and improve metabolic functions. They counteract inflammation in the skin and slow the ageing process.

EVENING PRIMROSE OIL

Contains high levels of gamma-linolenic acid and other essential fatty acids (vitamin F). It is very beneficial in caring for skin with a compromised skin barrier and for mature skin. Reduces age spots.

BENZOE ESSENTIAL OIL

Its warm balsamic scent supports the honey tone of the Cybele cream. It is suitable for more mature skin prone to wrinkles, but also works against hormonal acne.

WHAT IS ENERGY BEAUTY?

Holistic, innovative, and highly effective natural cosmetics. Inspired by Eastern philosophy and Western science, it carries a unique energy and power that can influence the deepest structures of our skin, provide the necessary nourishment, start renewal processes, and establish a natural balance.

The principles of traditional Chinese medicine in perfect harmony with phytotherapy, aromatherapy, and modern biotechnology, together form a unique whole with clinically proven and visible effects.

Energy Beauty brings women perfect care at every age and life cycle. Individual products and their ranges are designed to combine and support each other intuitively and easily. Women can take care of themselves lovingly and effectively, while still having enough time to live and create.

QUALITY FIRST

» **We guarantee efficacy:** we use only the highest appropriate concentrations and a broad spectrum of active ingredients to provide a truly visible and demonstrable effect.

» **We take care of every detail:** all products are based on our own, long-developed and proven formulas from ingredients that come from proven and authentic suppliers.

» **We are natural:** you won't find parabens, SLS, petroleum derivatives, phthalates, synthetic fragrances or other inappropriate or unfriendly substances in our products.

» **We draw from nature and therefore protect it:** the vast majority of our packaging contains natural materials that are gentle on the environment and the energy our products carry.

» **We are here for you:** the product range is just the beginning. A wide range of seminars, comprehensive consultations, whole-body diagnostics, and the ability to address related health issues combine to make a real, holistic, and sustainable solution.

Any woman can be beautiful!

HIGH PERFORMANCE HOLISTIC COSMETICS

» Complementary care to rejuvenate and brighten your skin

Visage oil (make-up removal), Visage water (toning, hydration), Rejuve serum (deep revitalization, lifting)

EWG Natural Index*

COMPONENTS

Aqua, Extractum Herbarum **1**, Butyrospermum Parkii Butter **1**, Prunus Amygdalus Dulcis Oil **1**, Glycerin **1-2**, Sorbitan Olivat **1**, Cetearyl Alcohol **1**, Cetearyl Olivat **1**, Polyisobutene **1**, Plukenetia Volubilis Seed Oil **1**, Argania Spinosa Kernel Oil **1**, Caprylyl Glycol **1**, Macadamia Ternifolia Seed Oil **1**, Oenothera Biennis Oil **1**, Hydrogenated Olive Oil **1**, Cetyl Palmitate **1**, Tocopheryl Acetate **2**, Sorbitan Palmitate **1**, Xanthan Gum **1**, Olea Europaea Fruit Oil **1**, Croton Lechleri Resin **1**, Collagen Amino Acids **1**, Propanediol **2**, Haematococcus Pluvialis Extract **1-3**, Sorbitan Oleate **1**, Glyceryl Caprylate **1**, Olea Europaea Oil Unsaponifiables **1**, Hippophae Rhamnoides Fruit Oil **1**, Styrax Tonkinensis Resin Extract **1**, Phenylpropanol **2**, Sodium Phytate **1**, Alcohol, Sodium Hyaluronate **1**, Potassium Humate **1**, Succinic Acid **1**.

RECOMMENDED APPLICATION

Apply a pea-sized amount in the morning or in the evening on well-cleansed skin and massage it gently. Can also be used on the eye area. To increase the effect, apply Visage water before the cream and Rejuve serum afterwards and let it dry. Cybele is excellent on its own, but also as a foundation under make-up.

SUITABLE COMBINATIONS

» skin with hyperpigmentation

Balance water + Rejuve serum/Balance serum/
Visage serum + Cybele

» sagging skin (loss of firmness)

Visage water + Rejuve serum + Cybele
(+ Skin essence night)

» nourishment and protection of mature skin

Visage water + Visage serum + Cybele
(+ Skin essence night)

Products available throughout 2025.
