

Niké

- » dry/fragile/thinning skin
- » nourishment and skin strengthening
- » natural protection of the skin barrier
- » stimulation of collagen production
- » rejuvenating effect
- » skin tightening (lifting)

Niké combines the power of traditional phytotherapy, modern biotechnology, and aromatherapy to provide the perfect care for dry, fragile and thinning skin that is not fulfilling its protective function. With its nourishing texture, it protects the skin from the external environment (cold and wind) and is therefore also suitable as a winter cream for all skin types. It creates protection for the skin (a figurative “second skin”). The bioactive ingredients used stimulate the production of the skin’s own collagen and elastin, which visibly firms and tightens the skin. According to traditional Chinese medicine, its components and action make it a Metal element. It can be used as a day and night cream.

ACTION AND EFFECTS

- » protection of dry skin and skin with a compromised skin barrier
- » support for the skin’s protective barrier function
- » nourishment of the skin and restoration of its thickness (strengthening)
- » stimulation of the skin’s own collagen and elastin production
- » firming of contours, skin tightening
- » increase in cellular energy and support for regeneration

BENEFITS OF NIKÉ CREAM

The extraordinarily complex action of Niké cream is based on traditionally proven, skin-beneficial herbs other ingredients, combined with modern patented bioactive ingredients. These effects are further enhanced by aromatherapeutic perfuming with the essential oils of myrrh, lavender and yuzu, which are nurturing, giving the cream a warm balsamic scent and a figurative sparkle.

ACTIVE INGREDIENTS

HERBAL EXTRACT

An extract of synergistic herbs with soothing, anti-inflammatory and regenerative effects on dry skin. Eliminates dry and scaly areas, including dry eczema. Restores skin vitality and condition, and provides protection from external influences.

NEODERMYL®

(bioactive peptide-containing substance
- Methyl Glucoside Phosphate Proline
Lysine Copper Complex)
» patented natural ingredient

It is distinguished by its ability to stimulate the production of collagen and elastin in the skin. This improves skin texture and softens wrinkles. It also helps to increase skin hydration and maintain it for a long time. The beneficial effect on increasing skin elasticity and firmness (confirmed by studies) is visible after only 14 days of regular application.

ACB Bio-Chelate 5 PF

A complex of five minerals essential for healthy skin function (silicon, magnesium, copper, zinc and iron). These minerals are specially modified by fermentation to make them highly usable as cofactors of enzymes (part of biochemical processes) in the skin. They significantly improve the barrier function of the skin and act as a so-called skin growth factor. The skin becomes thicker, stronger, and firmer as a result.

DRAGON'S BLOOD

The natural resin of the Croton lechleri tree has strong antiviral, antibacterial, antifungal, and toning properties, generally protecting the skin and increasing its elasticity

SUCCINIC ACID

It is a natural part of the skin, where it activates cell metabolism. This speeds up

regeneration processes in the skin, which also reduces the formation of wrinkles.

ALMOND OIL

It is very suitable for the care of sensitive, dry, and mature skin. It contains the antioxidant vitamin E, which contributes significantly to the protection and revitalization of the skin.

JOJOBA OIL

It provides skin with protection against damage caused by environmental pollution. Soothes and regenerates dry, sensitive, and mature skin.

ESSENTIAL OILS OF LAVENDER, MYRRH, YUZU

Myrrh and lavender provide care for all skin types, especially for sensitive skin. They regenerate and soothe. Yuzu gently cleanses, clarifies, and brings joy to the mind.

WHAT IS ENERGY BEAUTY?

Holistic, innovative, and highly effective natural cosmetics. Inspired by Eastern philosophy and Western science, it carries a unique energy and power that can influence the deepest structures of our skin, provide the necessary nourishment, start renewal processes, and establish a natural balance.

The principles of traditional Chinese medicine in perfect harmony with phytotherapy, aromatherapy, and modern biotechnology, together form a unique whole with clinically proven and visible effects.

Energy Beauty brings women perfect care at every age and life cycle. Individual products and their ranges are designed to combine and support each other intuitively and easily. Women can take care of themselves lovingly and effectively, while still having enough time to live and create.

QUALITY FIRST

» **We guarantee efficacy:** we use only the highest appropriate concentrations and a broad spectrum of active ingredients to provide a truly visible and demonstrable effect.

» **We take care of every detail:** all products are based on our own, long-developed and proven formulas from ingredients that come from proven and authentic suppliers.

» **We are natural:** you won't find parabens, SLS, petroleum derivatives, phthalates, synthetic fragrances or other inappropriate or unfriendly substances in our products.

» **We draw from nature and therefore protect it:** the vast majority of our packaging contains natural materials that are gentle on the environment and the energy our products carry.

» **We are here for you:** the product range is just the beginning. A wide range of seminars, comprehensive consultations, whole-body diagnostics, and the ability to address related health issues combine to make a real, holistic, and sustainable solution.

Any woman can be beautiful!

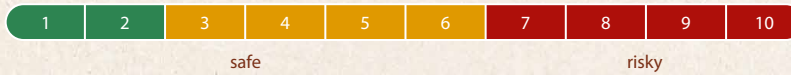

HIGH PERFORMANCE HOLISTIC COSMETICS

» Complementary care for dry and mature skin

Visage oil (make-up removal), Balance water (regeneration, hydration), Visage serum (deep revitalization, lifting)

COMPONENTS

Aqua, Extractum Herbarum 1, Polyisobutene 1, Glycerin 1-2, Sorbitan Olivatate 1, Cetearyl Alcohol 1, Prunus Amygdalus Dulcis Oil 1, Cetearyl Olivatate 1, Avena Sativa Kernel Oil 1, Simmondsia Chinensis Seed Oil 1, Argania Spinosa Kernel Oil 1, Caprylyl Glycol 1, Hydrogenated Olive Oil 1, Lauryl Olivatate 1, Triolein 1, Olea Europaea Oil Unsaponifiables 1, Tocopheryl Acetate 2, Cetyl Palmitate 1, Xanthan Gum 1, Olea Europaea Fruit Oil 1, Sorbitan Palmitate 1, Croton Lechleri Resin 1, Glyceryl Dioleate 1, Ceramide NP 1, Glyceryl Caprylate 1, Methylglucoside Phosphate 1, Saccharomyces/ Zinc Ferment 1-4, Saccharomyces/ Copper Ferment 1, Saccharomyces/ Magnesium Ferment 1, Saccharomyces/ Iron Ferment 2, Saccharomyces/ Silicon Ferment 1, Phenylpropanol 2, Sorbitan Oleate 1, Cooper Lysinate/Prolinate 1, Sodium Phytate 1, Alcohol, Citrus Junos Peel Oil 1-2, Lavandula Officinalis Flower Oil 1, Leuconostoc/Radisch Root Ferment Filtrate 1, Commiphora Myrrha Oil 1, Sodium Hyaluronate 1, Succinic Acid 1.

RECOMMENDED APPLICATION

Apply a pea-sized amount of cream in the morning or evening on well-cleansed skin and massage in gently. Can also be used on the eye area. To enhance the effect, before using the cream, apply a lotion (Balance water) followed by a serum (Balance/Visage/Rejuve serum depending on skin type) and let it dry. The cream is excellent for stand-alone use, but also as a foundation under make-up.

SUITABLE COMBINATIONS

» dry skin with a compromised skin barrier

Balance water + Balance serum + Niké

» mature skin with loss of firmness and elasticity

Visage water/Balance water + Visage serum + Niké

» sagging skin prone to impurities and loss of brightness

Balance water/Visage water + Rejuve serum + Niké

Products available throughout 2025.
