

skin essence day

- » deep and permanent hydration for all skin types
- » slowing skin photoageing
- » lifting action, smoothing of wrinkles
- » support for collagen and elastin production
- » mitigation of negative environmental effects

A minimalist but extremely effective day cream for any woman seeking strength in simplicity and softness. It respects the skin's circadian rhythms and environmental influences, so the effects of the cream are strongest during the day. Its unique formula helps eliminate the photoaging of the skin. It has a lifting effect thanks to the long-term, deep hydration of the skin and stimulating the production of its own peptides.

ACTIONS AND EFFECTS

- » eliminating the negative effects of harmful blue light, slowing down photoaging of the skin
- » deep hydration of the skin and keeping it hydrated throughout the day
- » nourishing all skin layers, promoting firmness and elasticity, and anti-aging action
- » stimulation of collagen and elastin production
- » visible reduction of wrinkle depth, lifting effect
- » elimination of negative environmental effects on the skin
- » alleviating mild acne symptoms
- » soft and smooth consistency, also suitable as a primer under foundation
- » natural fragrance-free formula (the delicate fragrance derives only from the soothing hydrolates)

BENEFITS OF THE DAY CREAM

The effects of the day cream take into account the circadian rhythms in the skin and the environmental influences we are exposed to throughout the day. The main effect is to reduce the negative effects of the external environment on stressed skin and provide deep hydration throughout the day, helping to keep skin moisturized and soft.

ACTIVE INGREDIENTS

ALGAKTIV® GenoFix Day

» a patented natural ingredient

A unique active substance derived from marine plankton that uses the protective power of blue light-activated enzymes (daylight and when working with computers and phones) to ensure rapid DNA repair and the protection of skin cells. It contains phycocyanin, a blue pigment that acts as a powerful antioxidant and free radical trap. Thanks to its technology, it is very effective against photo- and digital aging. It visibly reduces the depth of wrinkles already formed (up to 15% according to one study) in just 10 days. It helps to brighten and even out the skin.

ALGAKTIV® Bio SKN

» a patented natural ingredient

Provides the skin with perfect nutrition in the form of probiotics. This

helps harmonize the skin microflora, reduces acne, and regulates sebum production. Proven to support the restoration of the natural skin barrier and soothe the skin.

SKINectura™

This is an extract of the Australian plant called kangaroo paws (after the shape of its leaves). It has exceptionally positive effects on all skin types.

Activates the release of tenascin, a protein that promotes the production of additional proteins in the skin and stimulates the creation of collagen and elastin. An extract with immediate action, it reduces the visibility of wrinkles and improves skin elasticity.

FUCOCERT®

» a patented natural ingredient

It has excellent moisturizing, protective, and toning properties for

all skin types, including sensitive and problem skin. When it comes into contact with the skin, this ingredient forms a film on the skin's surface that protects it against adverse environmental influences. It actively nourishes all layers of the skin, preventing its aging and making it firmer and more elastic. Right away after first use, the skin feels light and silky.

HYALURONIC ACID

This occurs naturally in the human body, but unfortunately its content decreases with age. It provides and maintains deep skin hydration, which accelerates and enhances regeneration processes. It softens wrinkles and relieves light inflammatory manifestations, while helping smooth uneven skin structure.

SQUALANE

Squalane (also known as squalene, which is hydrogenated into the more stable form of squalane for natural cosmetics purposes) occurs naturally in the skin where it forms part of the sebum (its content decreases with age). Suitable for all skin types, it does not clog pores but smoothes out wrinkles, leaving skin velvety soft and protected from the environmental elements.

JOJOBA WAX

Provides skin with exceptional beauty treatment and protection against environmental damage. Its composition is similar to sebum. Jojoba wax (oil) is a luxurious ingredient suitable for all skin types, including problematic ones.

MACADAMIA OIL

Thanks to its high content of mono-unsaturated fatty acids, it provides skin with soothing, softening, and protective effects. Macadamia oil helps maintain skin elasticity and reduce the signs of premature aging. It is quickly absorbed into the skin and its composition resembles sebum.

TOKOFEROL (VITAMIN E)

This is an excellent antioxidant that helps strengthen the skin's hydrolipid film and maintain its elasticity. It cares for the skin after sunbathing and is greatly appreciated by dehydrated and mature skin.

GERANIUM AND CENTAURY HYDROLATES

Geranium and centaury hydrolates have been used instead of water for their gentle and soothing effects on the skin, including the eye area. They give the cream a characteristic and very delicate scent.

WHAT IS BEAUTY ENERGY?

Holistic, innovative, and highly effective natural cosmetics. Inspired by Eastern philosophy and Western science, it carries a unique energy and strength that can affect the deepest structures of our skin, giving it the necessary nourishment, starting renewal processes and restoring natural balance.

The principles of traditional Chinese medicine in perfect harmony with phytotherapy, aromatherapy, and modern biotechnology form a unique whole with a clinically proven and visible effect.

Beauty Energy delivers perfect care to women at every age and cycle of life. Individual products and their ranges are assembled in such a way that they intuitively and simply combine and support each other with their effects. Women can take care of themselves lovingly and effectively, while still having enough time to live and create.

QUALITY FIRST

» **We guarantee efficacy:** we use only the highest suitable concentrations and a wide range of active ingredients that ensure a truly visible and demonstrable effect.

» **We attend to every detail:** the basis for all our products is our own, long-developed and proven recipes using raw materials sourced from trusted and authentic suppliers.

» **We are natural:** you will not find parabens, SLS, petroleum derivatives, phthalates, synthetic fragrances, or any other inappropriate or unnecessary substances in our products.

» **We draw from nature, and therefore we protect it:** the vast majority of our packaging contains natural materials that are environmentally friendly, as well as mindful of the energy that our products carry.

» **We are here for you:** this product offering is just the beginning. A wide range of seminars, comprehensive consultations, whole-body diagnostics, and the ability to solve associated health problems are the real holistic and sustainable solution.

RECOMMENDED APPLICATION

In the morning, apply a pea-sized amount to well cleansed skin and massage gently. The cream can also be used on the eye area. To enhance the effect,

apply Rejuve Serum (lifting) or Balance Serum (harmonization, soothing) before using the cream and allow to dry. The cream is excellent on its own but also as a primer under foundation.

SUITABLE COMBINATIONS

Skin Essence Day is a neutral cream suitable for all skin types, including the eye area.

» skin revitalization when exposed to (solar and digital) light – hydration, lifting:

Visage Oil + lotion from the Pure Beauty Energy range (depending on skin type) + Rejuve Serum + Skin Essence Day

» skin revitalization when exposed to (solar and digital) light – hydration, pigmentation reduction:

Visage Oil + lotion from the Pure Beauty range (depending on skin type) + Balance Serum + Skin Essence Day

Products available throughout 2025.
