

skin essence night

- » deep regeneration and cell renewal during sleep
- » slowing skin aging
- » skin lifting, wrinkle smoothing
- » refining of enlarged pores
- » action against free radicals
- » mitigation of negative environmental effects

An extremely effective night cream that is proven to make skin renewal up to twice as fast and more pronounced. It respects the skin's circadian rhythms and environmental influences, so the effects of the cream are strongest at night. Its unique formula helps repair damage that has occurred during the day. It restores the damaged skin barrier, reduces the negative effects of free radicals, and activates the deep regeneration of cell DNA during sleep.

ACTIONS AND EFFECTS

- » twice as pronounced and faster skin renewal during sleep* (helping to restore skin after damage caused during the day)
- » activation of the deep regeneration of cellular DNA
- » restoration of the damaged skin barrier, reduction of the impact of negative effects of free radicals
- » relieving mild acne, regulating sebum, and reducing pore size
- » very gentle yet active ingredients, rich in consistency, also suitable for sensitive skin
- » natural fragrance-free formula (the delicate fragrance derives only from the centaury and geranium hydrolates)

**Clinical studies have confirmed that cells treated with ALGAKTIV® GenoFix Nite can regenerate twice as quickly compared to skin cells alone: in 4 hours, the same amount of UV-damaged cells was repaired as untreated cells in 8 hours.*

NIGHT CREAM BENEFITS

The effects of night cream take into account the circadian rhythms in the skin as well as the environmental influences we are exposed to throughout the day/night. The main effect is deep skin regeneration and cellular DNA renewal, eliminating the negative effect of free radicals on the skin throughout the day. This restores freshness and vitality to the skin during sleep.

ACTIVE INGREDIENTS

ALGAKTIV® GenoFix Nite

» a patented natural ingredient

A specially formulated complex of three synergistically acting regenerative enzymes from freshwater microalgae (plankton, *Chlorella vulgaris*, and *Haematococcus pluvialis*) that are activated during sleep. They effectively detect cells damaged by UV radiation and oxidation and trigger targeted reactions for their deep self-renewal. They prevent oxidative stress and cell aging, promote cellular regeneration, and improve skin firmness. These enzymes also actively fill in wrinkles and visibly minimize their depth after only a short period of use.

ALGAKTIV® Bio SKN

» a patented natural ingredient

Provides the skin with perfect nutrition in the form of prebiotics. This helps

harmonize the skin microflora, reduces acne, and regulates sebum production. Proven to support the restoration of the natural skin barrier and soothe the skin.

RETINYL SUNFLOWERATE

A newer and natural form of retinol combined with fatty acids derived from sunflowers, allowing it to be released more slowly into the skin. There is no frequent irritation as with synthetic retinol. The positive effects on the skin are retained, however; these include improving its texture, promoting collagen production, reducing pores, reducing dark spots, and improving the condition of acne.

(Despite these great properties, it can cause irritation to sensitive and dry skin, and should therefore be introduced slowly when included in your beauty routine.)

FUCOCERT®

» a patented natural ingredient

It exhibits excellent moisturizing and protective properties as well as a toning effect on all skin types, including sensitive and problematic ones. When it comes into contact with the skin, this ingredient forms a film on the skin's surface that protects it against adverse environmental influences. It actively nourishes all layers of the skin, preventing its aging and making it firmer and more elastic. Right away after first use, the skin feels light and silky.

HYALURONIC ACID

This occurs naturally in the human body, but unfortunately its content decreases with age. It provides and maintains deep skin hydration, which accelerates and enhances regeneration processes. It softens wrinkles and relieves light inflammatory

manifestations, while helping smooth uneven skin structure.

SQUALANE

Squalane (also known as squalene, which is hydrogenated into the more stable form of squalane for natural cosmetics purposes) occurs naturally in the skin where it forms part of the sebum (its content decreases with age). Suitable for all skin types, it does not clog pores but smoothes out wrinkles, leaving skin velvety soft and protected from the environmental elements.

JOJOBA WAX

Provides skin with exceptional beauty treatment and protection against environmental damage. Its composition is similar to sebum. Jojoba wax (oil) is a luxurious ingredient suitable for all skin types, including problematic ones.

OAT OIL

It contains a high concentration of ceramides, omega-3 and -6 fatty acids, and phospholipids, so restoring (regenerating) when applied the skin's function as a natural barrier. This oil also helps heal skin that is already damaged, scarred, or prone to acne or eczema.

SHEA BUTTER

High in vitamins A, D, E and F, it deeply nourishes the skin. Its undeniable benefits include regenerative effects on the skin, strengthening the skin's natural elasticity, smoothing fine wrinkles, and its universal use for all skin types.

TOKOPHEROL (VITAMIN E)

This is an excellent antioxidant that helps strengthen the skin's hydrolipid film and maintain its elasticity. It cares

for the skin after sunbathing and is greatly appreciated by dehydrated and mature skin.

GERANIUM AND CENTAURY HYDROLATES

Geranium and centaury hydrolates have been used instead of water for their gentle and soothing effects on the skin, including the eye area. They give the cream a characteristic and very delicate scent.

WHAT IS BEAUTY ENERGY?

Holistic, innovative, and highly effective natural cosmetics. Inspired by Eastern philosophy and Western science, it carries a unique energy and strength that can affect the deepest structures of our skin, giving it the necessary nourishment, starting renewal processes and restoring natural balance.

The principles of traditional Chinese medicine in perfect harmony with phytotherapy, aromatherapy, and modern biotechnology form a unique whole with a clinically proven and visible effect.

Beauty Energy delivers perfect care to women at every age and cycle of life. Individual products and their ranges are assembled in such a way that they intuitively and simply combine and support each other with their effects. Women can take care of themselves lovingly and effectively, while still having enough time to live and create.

QUALITY FIRST

» **We guarantee efficacy:** we use only the highest suitable concentrations and a wide range of active ingredients that ensure a truly visible and demonstrable effect.

» **We attend to every detail:** the basis for all our products is our own, long-developed and proven recipes using raw materials sourced from trusted and authentic suppliers.

» **We are natural:** you will not find parabens, SLS, petroleum derivatives, phthalates, synthetic fragrances, or any other inappropriate or unnecessary substances in our products.

» **We draw from nature, and therefore we protect it:** the vast majority of our packaging contains natural materials that are environmentally friendly, as well as mindful of the energy that our products carry.

» **We are here for you:** this product offering is just the beginning. A wide range of seminars, comprehensive consultations, whole-body diagnostics, and the ability to solve associated health problems are the real holistic and sustainable solution.

RECOMMENDED APPLICATION

In the evening, apply a pea-sized amount to well cleansed skin and massage gently. The cream can also be used on the eye area. To enhance the effect, apply Rejuve Serum (lifting) or Balance Serum (harmonization, soothing) before using the cream and allow to dry.

SUITABLE COMBINATIONS

Skin Essence Night is a neutral lifting cream suitable for all skin types, including the eye area.

» skin revitalization during sleep, hydration, rejuvenation

Visage Oil + Visage/Balance Water + Skin Essence Night

» promoting lifting and a “retinol-like” effect

Visage Oil + Visage/Balance Water + Rejuve Serum + Skin Essence Night

» relieving pigmentation and soothing problematic skin

Visage Oil + Balance Water + Balance Serum + Skin Essence Night

Products available throughout 2025.
