### **BENEFITS OF YEMAYA CREAM**

The extraordinarily complex action of Yemaya cream is based on traditionally proven, skin-beneficial herbs other ingredients, combined with modern patented bioactive ingredients. It is deeply hydrating and regenerating. These effects are enhanced by aromatherapeutic perfuming with the essential oils of blue tansy, bergamot, and jasmine, which give the cream a refreshing scent.

## ACTIVE INGREDIENTS

### HERBAL EXTRACT

---

It works to restore skin firmness, reduce swelling, and to heal small scars or inflamed areas.

### ALGAKTIV® Retin ART

(specific extract of the alga  
*Chlorella vulgaris*)

» patented natural ingredient

---

It has the same effects as retinol (synthetic vitamin A) but is natural and without side effects such as skin irritation, sensitization or photosensitivity. Visibly firms and tightens the skin, refines pores and pigmentation, unifies the skin tone and makes it radiant. It has a beneficial effect on acne, which it alleviates and accelerates healing.

### GLORYDERMAL® BOTANYLURON

(extract of the fungus *Tremella fuciformis*)

» patented natural ingredient

Also referred to as botanical hyaluronic acid. It provides effective, deep and long-lasting hydration to the skin. Its ability to retain moisture in the skin is higher than that of commonly available forms of hyaluronic acid.

### POTASSIUM HUMATE

---

These are extremely bioactive substances with a high sorption capacity. They remove toxins from the skin and improve metabolic functions. They counteract inflammation and slow the ageing process.

### UCCINIC ACID

---

It is a natural part of the skin, where it activates cell metabolism (Krebs cycle). This speeds up the skin's regeneration processes and makes it more resistant to external factors, thus reducing the formation of wrinkles.

### DRAGON'S BLOOD

---

The natural resin of the *Croton lechleri* tree has strong antiviral, antibacterial, antifungal, and toning properties, generally protecting the skin and increasing its elasticity.

### ARGAN OIL

---

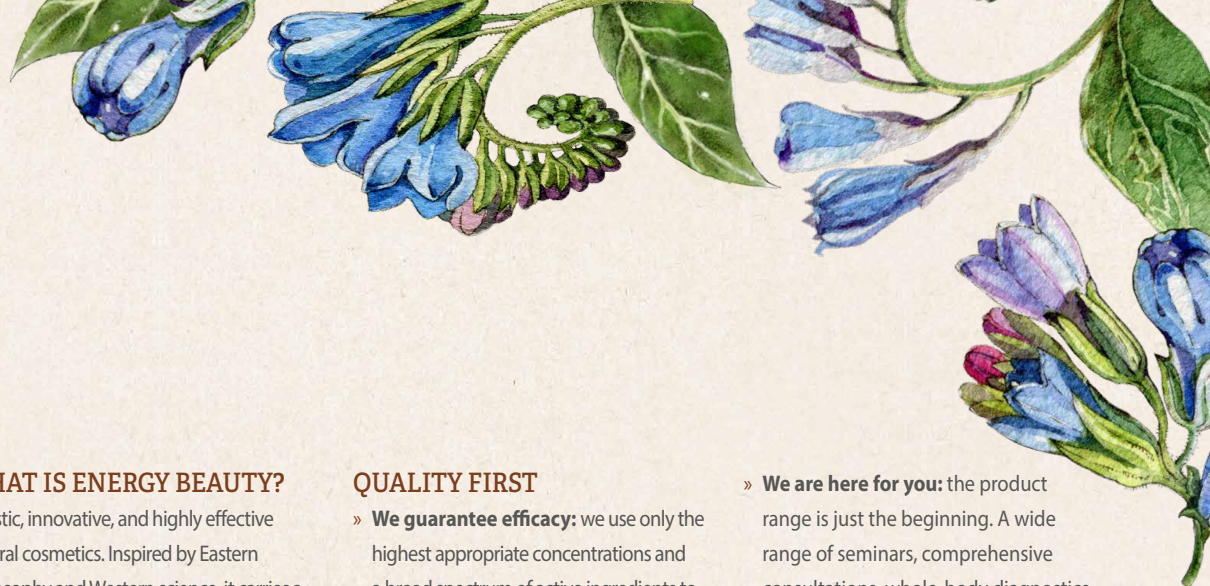

It is one of the most expensive and rare oils in the world. It contains vitamins E, F, squalene, and a high content of unsaturated fatty acids, which contribute to skin revitalization and prevent skin ageing.

### ESSENTIAL OILS OF BLUE TANSY, ARABIAN JASMINE, BERGAMOT (without bergapten)

---

The synergy of these essences has an anti-stress effect, it harmonizes impure skin and has a lifting effect on sagging skin.
